TACKLING ANTISEMITISM

You are doing a fantastic job!
You are an awesome superhero in training! Check out these tips for tackling myths such as: The land of Israel doesn't belong to the Jewish People.

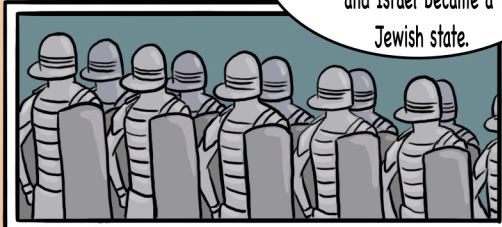

Israel is the homeland of the Jewish people going back to the Kingdom of Israel in the 11th century BCE. That's thousands of years ago!

The Jews could not steal their own ancestral lands.

Unfortunately, most of our people were displaced by invaders, such as the Romans, Egyptians and British. However, Jews continued to live in the Holy Land.

In biblical times, Israel was called Judea and Samaria.

Finally, in 1948, the Jews reclaimed control of their indigenous land from the British, and Israel became a Jewish state.

FACTS ABOUT ISRAEL

Archeologists in Israel have found items from Solomon's temple dating back to 970 BCE. This proves our existence in this land dating back thousands of years.

Israel is the only country in the Middle East with free elections. It is a true democracy!

Since 1949, there have been over 76 Israeli Arabs elected to the Knesset, the Israeli parliament.
